

## New Product Information

# ADVANCE POWER AIR CLEANER

- Brand new air cleaner with flow efficiency of SUS POWER and heat resistance performance of SONIC POWER.
- Stainless mesh filter from SUS POWER enables maximum flow and an aggressive induction sound.
- Large diameter cooling shield prevents the filter element from heating up by reflecting the heat radiation.
- Induction efficiency is thus maximized and stabilized by lowering the filter temperature.
- Adjustable heat shield provides the large capacity surrounding the filter element.
- Large diameter funnel enables the high flow efficiency.
- Racing look is achieved with buffed and anodized cooling shield, and blue anodized top ring and locking plates.

A1 (Large) and A2 (Small) core sizes are available for wider application.

MSRP starting from ¥29,800

For newest vehicle application, please refer to your local dealer or BLITZ homepage.
