

## New Product Information

# NÜR-SPEC F-Ti

All titanium exhaust system for the RC-F.

Other than the light weight achieved by the titanium material, the high spec exhaust is anticorrosive and the effects from heat are minimal.

Can be equipped on the stock bumper. The Quad model utilizes a  $\phi 100$  inner curled tail end.

The adjustable tail end can slide into a desired position according to the rear bumper that is installed.

The exhaust has been designed with a main pipe of  $\phi 60$  and the total weight is only 4.7kg.

(Genuine exhaust weight: roughly 15.7kg)
