

## Additional Application

# BIG CALIPER KIT

- Distinguished braking ability and control exclusively for the 86/BRZ.
- Aluminum body ensures light weight and high stiffness.
- The two piece floating rotor ensures light weight and high cooling efficiency.
- Stainless mesh teflon brake hose included.
- Bright metallic red caliper and black bell housing provide eye catching looks.
- The times achieved at Tsukuba by the Blitz Racing Project are proof of the high efficiency and excellent control this braking kit provides
