For ROADSTER RF

High mount brake light cover

BLITZ AERO SPEED R-Concept Rear Spoiler / ROADSTER RF (NDERC)

※Separate stock high mount brake lights for the ND5RC ROADSTER and wire extension is necessary.

- Enhance the sporty look of your vehicle by equipping the new Rear Spoiler designed specifically for the ROADSTER RF along with the already available AERO SPEED R-Concept aero kit.
- The Spoiler has been designed to have a strong visual presence. By equipping the high mount brake lights using stock parts, the Japanese vehicle inspection can be passed. (Installation of separately sold stock parts is necessary)
- A specifically designed cover can be equipped over the stock high mount for a natural look.
