

New Product Information

TOE ADJUSTER

- Suspension arms for adjusting the rear toe settings for the Toyota Alphard and Vellfire.
Compared to stock, the Toe Adjuster allows greater adjustability in alignment.
- By employing a turnbuckle system, the adjustment range compared to stock is -10mm~+20mm.
- Pillow ball has been utilized to allow a wider range of motion.
- By equipping along with the MIRACLE STROKE ADJUSTER (Sold Separately) camber angles between -5° ~ 0° is made possible even when the toe is properly aligned.
- Includes documents concerning product strength and integrity.
