

Additional Applications

BLITZ **COMPRESSOR**

- Roots-type supercharger specifically for Hiace.
- Sharp response is made possible by the specially coated hollow rotors.
- By utilizing the stock air cleaner box, stable performance can be brought out regardless of the climate.
- Includes a designated fuel controller and does not require additional ECU settings.
- Smooth installation is made possible by the bolt-on design.

(Product Name)	(MSRP w/tax)	(MSRP)	(Code No.)	(JAN Code)
BCS TRH200V 1TR-FE 6AT 2WD HIACE	¥429,840	¥398,000	10190	4959094101901

Compatible Vehicle Information

TOYOTA	(Model Year)	(Model)	(E/G Model)	(T/M)	(Drive Train)	(Code No.)
HIACE	17/12-	TRH200V	1TR-FE	5MT	2WD	10190
REGIUS ACE						

The compressor system has a tendency to take a quick breath when the throttle is released during low speed and low RPM. This symptom is caused by the compressor's belt being directly connected to the pulley. This is not a flaw and the system was applied due to its sharp responsiveness.

■ Recommended Products

Product Name	Reference Price (Without Tax)	Required Quantity
Spark Plugs	¥1,900	4

Driving is possible with stock spark plugs.

However, spark plugs with a higher heat range is recommended since the engine will build up heat.

※The reference price listed above is from January 31, 2018.

■ Please use High-Octane gasoline instead of Regular.

■ Since the engine output will drastically improve with this product, we are restricting the use of certain aftermarket parts. For more information please contact us for a separate instruction manual.
