

New Product Information

- Lightweight all aluminum radiator.
- With a core thickness of 42mm, the capacity has been greatly increased.
- Heat dissipation has been improved by redesigning the outer fin.
- Water sensor can be installed in the 1/8PT service hole.
- Even at a reasonable price, the tank has a high quality buffed finish.
- Includes alumite drain bolt and BLITZ original radiator cap.

※Precautions during installation for Swift Sport

Compared to stock, this product has a significantly thicker tank and core.

For proper installation the following modifications must be made.

Please contact the support center for further information.

- A/C pipe must be bent and modified (by hand)
- The radiator hose must be cut and modified.

Installation example on Swift Sport

18873
