

## New Product Information

- New exhaust system with customizable tail pipes.  
The new structure allows the tail pipes to be interchanged and the location of the tail to be adjusted.
- The tail pipe can be selected from Titanium colored VSR, all stainless VS, and the new Carbon Red.
- Initially the muffler itself and one of the tail pipes are purchased as a set.  
Afterwards, additional tail pipes can be purchased separately for a completely new look.
- By sliding the tail, the offset can be changed to match the vehicle's body.  
This system allows the optimum tail location to be realized even when the vehicle is equipped with a different body kit.
- The muffler itself is made from all stainless SUS304 material.  
The product has been mirror polished to ensure high durability.
- Designed vehicle specifically with optimum layout, silencer size, and exhaust efficiency.
- The muffler complies with new regulations and it's able to pass the Japanese Vehicle Inspection. (※With proper installation and without degradation)

86GR (ZN6) Equipped with CARBON RED tail

**Exhaust System with Detachable Tail Pipes**

Muffler + Tail Pipe

The tail pipes can be easily changed

The offset of the tail can be adjusted accordingly.

Titanium Color: VSR    All Stainless: VS    Carbon Red: CR

-25mm    ±0mm    +25mm
