### ■Precautions During Installation

- The interior panels above the rear shock absorbers must be modified or removed for proper installation.

### ■Other Remarks

- Lower your vehicle for a stylish look.
- The front suspension has been equipped with adjustable pillow ball upper mounts to allow fine tuning of the camber angle.
- The suspension has been developed to maximize ride comfort for daily use.  
Furthermore, by lowering the ride height, vehicle stability and cornering performance can be improved.
- By making adjustments to the damping force, the suspension can handle hard corners at the circuit.
