Remarks	Specifically for 2WD	

※Abbreviation for Spring Types 「ST:ID62 Straight Spring」, 「BS:Barrel or Tapered, Vehicle Specific Springs」

※Adjustability in ride height may vary between vehicles.

■Remarks

- Compatibility has been confirmed for vehicles after the minor change.
- Cornering performance and straight line stability have been improved by limiting body roll.
- Make adjustments to the damping force depending on the number of passengers to optimize ride comfort.
- The product has been tested to work with vehicles equipped with Pro PILOT system.

However we do not ensure the vehicle manufacturer`s safety function to properly work under all conditions.

Please be aware that there is a possibility that adjusting the vehicle ride height, the radar, camera, and sensors may not function properly.
