

## New Product Information

**RACING**  
**OIL COOLER BR**

**ATF**  
**COOLER BR**

### 【Product Characteristics】

- The new oil cooler core has been finished with a black powder coating for greater durability and reliability. 12 row L230×H173×50 (mm) drawn cup type unit.  
The core size is the same as the previous Oil Cooler RD. This allows interchangeability of the parts.
- The fittings has been updated with a Red/Black alumite finish.
- Nylon stainless mesh hose has been employed for easier installation due to its flexibility.
- Equipped with an internal thermostat for accurate regulation of the oil temperature.
