- 1: Stainless mesh filter.
- 2: The Carbon Shield prevents the intake air temperature from rising.
- 3: Very little heat is emitted by the shield itself.
- 4: Dress up your engine with the stylish Carbon Shield and Red Alumite.

- 1: Stainless mesh filter.
- 2: Adjustable cooling shield equipped with a funnel. Effects from heat is reduced to maintain a stable intake temperature.
- 3: Sharp intake and engine sound can be obtained.
- 4: The Alumite Shield has been buffed to have a strong presence in the engine bay.

- 1: The all stainless body is an industry first.
- 2: Intake area is maximized with the conical body. High filtration and intake efficiency is achieved.
- 3: Sharp intake and engine sound can be obtained.
- 4: With proper cleaning, the filter can be used over and over.

- 1: Made from dry element fiber
- 2: The filter can be easily changed and comes in either blue or red.
- 3: High durability and rigidity has been made possible by combining the filter with stainless mesh.
