

Aero Speed R-Concept body kit is now available for the Nissan Fairlady Z (RZ34)

for FAIRLADY Z RZ34

※67159 NUR-SPEC F-Ti exhaust sold separately

BLITZ FAIRLADY Z RZ34
※FRP parts painted in example.

- Product Description
- BLITZ original body kit for the RZ34 Fairlady Z.
3 different line up are available from FRP unpainted, FRP painted (black), Carbon Fiber with Clear coat.
 - While maintaining the original body lines, the front lip spoiler gives the vehicle a low-profile look.
Also includes vehicle specific LINE LED lights which give it a distinct presence even in the day.
 - The arch diffuser on the sides of the front bumper reduces airflow and turbulence to the tires
 - Front Bumper Garnish allows the airflow to be smooth by eliminating the turbulence created in the recessed area.
 - The Side Spoilers have a simple yet impactful design which give the vehicle a lower look.
 - Rear Under Spoiler and Rear Side Spoilers have been designed to enhance the aerodynamics of the vehicle. There is enough clearance for the stock exhaust as well as other aftermarket systems.
 - The Trunk Spoiler installed on top of the stock rear spoiler not only accents the design but optimizes the aerodynamic balance between front and rear.
