- Product Characteristics
 - New lightweight all aluminum radiator with updated core design.
 - With a core thickness of 42mm, the capacity has been greatly increased.
 - Heat dissipation has been improved by redesigning the outer fin.
 - Water sensor can be installed in the 1/8PT service hole.
 - Even at a reasonable price, the tank has a high quality buffed finish.
 - Includes alumite drain bolt and BLITZ original radiator cap.

- Precaution during installation

The tank for this product is significantly thicker compared to stock. The fan shroud and air guide must be cut and modified for proper installation.
