CIVIC RS(FL1)  
CARBON INTAKE SYSTEM

#### Product Characteristics

- High performance intake system which has been molded vehicle specifically for precise fitment onto the engine bay.
- While being ultra-light weight, the Carbon fiber casing is highly durable.
- Air flow as well as intake temperature are controlled to its optimum level.
- The filter has been designed to maximize intake efficiency and designed to produce sharp intake sound.
- With proper maintenance the stainless mesh filter can be continuously used.
- Dress up your engine room with the all-carbon intake system.
