SILVER CHROME

BLACK CHROME

Guide Plates

Product Features

- High-quality resin BLITZ logo emblem with a premium finish.
It can be attached directly to the vehicle.
- Although each letter is separate, guide plate makes attachment easy.
- Both the emblem and the guide plate come pre-applied with double-sided adhesive tape.
- In addition to the traditional silver plate finish, a new black chrome color with a refined tone has been added.
- You can choose according to the color of the stock emblems or the style of your customized vehicle.
 - ※ The guide plate cannot be used on curved or uneven surfaces.
 - ※ When attaching the emblem to the vehicle, please make sure to check the installation area for any possible effects it may have on the painted surface.
