

Vehicle Specific Smart Phone Holder
for the GR86/BRZ,86/BRZ,GR Yaris Gen.2,CIVIC/Prelude is now available!

SMART PHONE HOLDER

[Click here for more information on Smart Phone Holder](#)

■ Product Features

- A smartphone holder designed exclusively for each specific vehicle model.
- Allows the smartphone to be mounted in an optimal position that is easy to see while driving without obstructing the driver's view.
- Easy and secure installation with primerless double-sided adhesive tape.
- Manufactured using an SLS (Selective Laser Sintering) 3D printing process, ensuring high strength and rigidity.
- The smartphone is secured using a MagSafe mounting system.

Note:

- Smartphones without MagSafe functionality cannot be mounted. In addition, depending on the type of smartphone case used, magnetic strength may be insufficient, which could prevent proper installation.
- Layer lines created during the molding process may appear on the product surface. These are characteristic patterns of the SLS manufacturing process and do not indicate a defect.
